Family Fibre Planner

Use the following chart to track how much fibre you and your family eat in a day. Check off the foods you eat and add up how much fibre is in your diet. The fibre values listed reflect the amount found in a serving size, so keep in mind how much you have eaten. Find the recommended daily fibre intake for your age and gender in the list below and then see if there is room for fibre improvement!

Daily Fibre recommendations by age and gender*:						
AGE	1-3	4-8	9-13	14-18	19-50	50+
Male	19	25	31	38	38	30
Female	19	25	26	26	25	21

*Adequate intake levels from the Institute of Medicine (2005). Dietary Reference Intakes for Energy, Carbohydrate, Fiber, Fat, Fatty Acids, Cholesterol, Protein, and Amino Acids (Macronutrients). National Academies Press.

Food	Serving Size	Fibre (g)	My Fibre
Vegetables			
Peas, green, cooked	125 ml (1/2 cup)	6	
Potato, with skin, cooked	125 ml (1/2 cup)	5	
Sweet potato, no skin, cooked	125 ml (1/2 cup)	4	
Brussel sprouts, cooked	125 ml (1/2 cup)	3	
Broccoli, cooked	125 ml (1/2 cup)	2	
Corn, cooked	125 ml (1/2 cup)	2	
Carrot, raw	medium	2	
Vegetable Total: ____ grams			
Fruit			
Pear, raw with skin	1 medium	5
